READY FOR SIGNATURES

LAST POINT IN DISPUTE ARRANGED.

Peace Treaty May Be Signed by Russian and Japanese Envoys Monday—Finished Work Last Night.

Portsmouth, N. H., Sept. 2.—The last point in dispute was arranged at the meeting of the Russian and Japanese plenipotentiaries which ended at 11 o'clock to night. As the plenipotentiaries emerged from White's room, where the conference was held, Baron De Rosen was asked if the final agreement had been reached. He did not answer.

"Will there be a meeting tomorrow?" "No," he replied. "There is no necessity for one, the clerks can do the rest."

It is now understood that the treaty will consist of seventeen articles, preceded by a short preamble in which it is asserted on good authority, no allusion will be made to the action displayed by President Roosevelt in bringing about the peace which led to the conclusion of the treaty.

Portsmouth, N. H., Sept. 2.—With the exception of a single portion of the text the "Treaty of Portsmouth" was completed this afternoon at a conference in Komura's rooms, and it is barely possible it can be signed Monday. It consists of sixteen articles. To night at 9 o'clock Witte, De Martens, Komura and Dennison began reading the text. The treaty will not be engrossed by the two calligraphers sent by the state department. At the last moment it was decided to have attached to the two missions perform this work. The articles relating to non-fortification of Sakhalin and La Perouse straits and evacuation of Manchuria were settled. Both parties bind themselves not to fortify the island. La Perouse is to be "open" and Japan agrees not to erect works to command the strait.

The article relating to the evacuation of Manchuria provides that troops, immediately upon the exchange of final ratifications, are to be withdrawn respectively to the lines of Mukden and Harbin, and the number of "railroad guards" in ordinary times is limited, but provision is made for the dispatch of troops for protection of the line in case of disorders upon condition that they are immediately withdrawn when their mission is finished. There are said to be four "annexes" to the treaty, covering matters which could not be elaborated in the treaty itself.

Oyster Bay, N. Y., Sept. 2.—Arrangements have already been shaped in a tentative way for the return of President Roosevelt to Washington Sept. 30. Meanwhile at Sagamore Hill he will receive and entertain at luncheon the Russian and Japanese plenipotentiaries. The date for the luncheon has not been fixed. The president will make no formal expression concerning conclusion of peace until the treaty has been signed.

NEWS AT VLADIVOSTOK.

ATLANTA MAYOR

Has no Apologies to Make to Mayor Dunne of Chicago.

Atlanta, Ga., Sept. 2.—The city council last night adopted resolutions condemning Mayor J. G. Woodward's conduct at Toledo, Ohio, at the meeting of the municipal association. Before the resolutions were adopted the mayor advanced to the rostrum and said:

"I want to get where I can be heard and seen. I have no apologies to make to Mr. Dunne, or any gang. I was not in the room when Mayor Dunne concluded his speech. I came in just as he finished. While I had taken some beer, I was not drunk. I will state that I drink some beer."

Mayor Woodward then outlined his speech on municipal ownership and told of the questions asked him by the Chicago man in reference to honest men. "I replied to him," said the mayor, "you have not got many of them in Chicago." That is what caused the trouble. It was hard, but it is true, every word of it, and I haven't anything to take back. I say this municipality nor any other man owes an apology to any such people as the people of Chicago."

New Orleans, Sept. 2.—Fever report up to 6 p. m.:
New cases, 37.
Total to date, 1,265.
Deaths, 3.

A telegram to the state board of health to day Dr. C. L. Horton, representing the board at Patterson, sent news of the serious situation which prevails there, involving threats against the emergency hospital and possible harm to physicians who are fighting the disease. Horton wired that the fever fighters were having trouble and that rioting by Italians was feared. Several Italians, he said, had died of yellow fever and the doctors had received warnings to be on their guard. Horton immediately ordered a guard thrown about the hospital, apprehending that an attempt might be made to burn it. A meeting of citizens was held and an organization perfected to protect the hospital, physicians, nurses and the town itself from violence. Horton wired Governor Blanchard and the governor replied he must protect his hospital under all circumstances and that arms would be sent him for that purpose. The sheriff of St. Mary will take charge of the volunteer guards. It is expected that with the precautions taken there will be no trouble.

Favorable reports of the yellow fever situation both in the city and country were again the rule here to day and public alarm is disappearing in rural districts.

Maniac on Point of Capture by Sheriff's posse Kills Himself

Lorain, Ohio, Sept. 2.—On the point of capture by a sheriff's posse, Peter Pitts, the maniac who terrorized the countryside from Avon Beach to Lorain for three days, is dead by his own hands. He shot himself in the head to day in full view of a band of armed farmers who were pursuing him and sank dead upon the ground. The three days in which Pitts ran amuck through a territory of twenty miles in extent, firing upon men and women, burning farm houses and driving the population from their homes to places of safety in the city, marked one of the strangest and most sensational episodes in the history of the county.

Pitts' first deed of violence was on Wednesday, when he fired three times from a corn field upon Miss Mary Heckler. His next was when he set a torch to the Heckler homestead, burning it to the ground. Afterward he attempted to fire another house, but was driven away. Friday morning he piled ties upon the tracks of the Lake Shore electric line, but a motorman discovered the obstruction in time to save himself and his passengers from destruction.

The country was aroused. Women and children sought shelter in hamlets and in Lorain. Men formed themselves into armed companies and scoured the land from Avon to Lorain to kill the man on sight. He was finally surrounded and as the pursuers were about to capture him shot himself dead.

Defeated Mrs. W. Franc Anderson in Finals at Homewood Country Club Course—A Clear Cut Victory.

Chicago, Sept. 2.—Mrs. C. L. Dering, of the Midlothian Country club, to day defeated Mrs. W. Franc Anderson, of Hinsdale, 1 up 2 to play in the finals for the western golf championship at the Homewood Country club course and earned the title relinquished by Miss Frances Everett, of Exmoor, when the latter succumbed in the second round to Mrs. Anderson. Not since the days of Mrs. S. B. Horn, Miss Beesie Anthony, the Pittsburgh girl—used to capture the western premiership annually has there been a more clear-cut victory than that of the sturdy player from Midlothian. She qualified with only three to score less than 100 and won from Mrs. J. S. Driver, Mrs. A. T. H. Brower and Miss Ruth Steele to get into the finals. The runner-up to day had beaten Miss Everett. All square at the turn because she failed at vital times to make her deadly iron shots come off, the new champion soon clinched the victory by some marvelous midiron strokes. Never up in the match until the eighth green, Mrs. Dering took a decided break, and thereafter it was easy work. Mrs. Anderson won the first hole and Mrs. Dering knocked her rival's ball in the hole for a three. The match was squared at the next hole and again at the seventh and ninth. Mrs. Dering then forged to the front and dormie 3 won the decisive hole with a perfect midiron shot of 150 yards down to the flag. The card:

In their recent publication on infant feeding condemn the prevailing use of infant foods to raise babies on. Babies were intended to subsist on mother's milk—other foods are but imitations—are never as nourishing as the food intended for them—and are oftentimes positively harmful.

It's the same way with ice. We have imitations on the market to day—the manufactured kind.

It takes cold, winter weather to properly make ice—and the colder the weather the thicker and better the ice.

We gather our ice from a lake up north. Winter, summer, all her forces up there and makes ice that is ice—it's not a substitute for the real thing. You'll thank us for this advice if you will but profit thereby—BUY PURE LAKE ICE.

CONTROVERSY OVER TICKET

Took Place on Burlington Train Saturday Between Henry Glassner and Conductor Cook—Sult Brought.

Henry Glassner, of 726 North Main street, was assaulted on a Burlington train enroute from Beardstown to this city. He got into a controversy with the conductor of the train, Henry Cooke, over his ticket with the result that he was thrown bodily into the baggage car by the conductor and brakeman, suffering a severe wound in his right hand. Mr. Glassner swore out a warrant for the arrest of Cooke on the charge of assault and battery upon his arrival in this city and will, through his attorney, Felix McAvoy, sue the Burlington company for damages.

Mr. Glassner owns a large farm near Beardstown, to which he makes weekly visits. He was returning from such a visit Saturday, having purchased a ticket to Jacksonville. His story of the trouble is as follows: As the train left Beardstown the conductor collected the tickets as usual, and taking Mr. Glassner's ticket failed to return it. Mr. Glassner asked him for the ticket, saying that it was good to Jacksonville. The conductor said it was only good to Concord and refused to give it back. Mr. Glassner persisted and requested him to look over his tickets and see if he was not right. As the train approached Concord the conductor returned the ticket to him, and, according to Mr. Glassner's statement, called the brakeman to his assistance and without provocation threw him into the baggage car, severely bruising his right hand and shoulder.

Mr. Glassner paid his way from Concord to Jacksonville in order to retain the ticket returned to him by the conductor, and upon his arrival here went to Dr. Allen King, who dressed his injuries. He then secured his attorney and swore out the warrant mentioned and contemplates taking further action against the road. He was accompanied on the train by a friend, William Johnson of Winchester, who witnessed the whole proceedings. Mr. Glassner was known to the conductor through the frequent trips he has made over the road, and the latter called him by name at the time of the trouble Saturday.

Don't forget the best fair in this section of the country comes off next week at Griggsville, Ill.

DELIGHTFUL OCCASION.
Word has been received by friends here of a delightful party given by Gen. and Mrs. B. H. Grierson recently at their elegant summer home in Omena, Mich. General Grierson has installed a gas plant in his cottage residence and the long pier nearby the residence and the long pier nearby were brilliantly illuminated. Inside the scene was one of equal beauty and splendor and the many Jacksonville people at Omena and other friends are indebted to Mr. and Mrs. Grierson for an evening of rare pleasure.

Jim Hackett and Frank Belt will be the battery for Jacksonville Sunday.

BIRTHDAY PARTY.
Miss Vivian Boston very pleasantly entertained a company of about twenty-five friends Friday evening at her home, 133 Pine street, the occasion being her birthday. The evening was pleasantly spent with amusements of various kinds, after which delicious refreshments were served by Mrs. Boston and her sister, Mrs. Watson Lock. The hostess received many beautiful presents. Floyd Boston and Miss Nettie Jenkins, of Pittsfield, were here for the occasion.

SACRED CONCERT.
Jeffries' Concert band will give a sacred concert at Nichols park Sunday evening from 7:30 to 9:30 p. m.

BUILDING A SILO.
J. T. Owen is engaged in building a silo on the farm of R. E. Hem-brough, southeast of the city. A silo is a pit or vat made for the purpose of packing away green fodder for winter use so as to exclude air and outside moisture. The one now being built on the farm of Mr. Hem-brough is among the few in this county.

STATE STREET CHURCH.
The services of the State Street Presbyterian church will be resumed to day. The pastor will preach this morning in the church and at 6:30 p. m. in Central park. As to morning is Labor day, he will speak on "Work and Rest" this evening at the open air meeting.

FIRST BAPTIST CHURCH.
To day services will be resumed at the First Baptist church, the meetings having been suspended during the month of August. Services both morning and evening and preaching by the pastor.

Mr. and Mrs. Lyman Cassell and son expect to go to Springfield to day in Mr. Cassell's automobile. They will be the guests of friends for the day.

MATRIMONIAL

CAMPBELL-HANELINE.

Miss Louella Haneline, the accomplished daughter of Mr. Crit Haneline, of Sinclair, was married to Mr. William Campbell, of Chatham, Ill., at high noon, Saturday, Sept. 2, 1905, Rev. Nathan English, pastor of the bride, officiating.

Mrs. Campbell has been a successful teacher during the past two or three years and will be greatly missed in the work of her church and Sunday school.

Mr. Campbell is a promising young farmer of Sangamon county, with every quality that goes to make up a gentleman.

Mr. and Mrs. Campbell will go at once to their new home on a farm near Chatham, where they will have the best wishes of their many friends for their success and happiness.

Mahara's big colored minstrels at the Grand next Wednesday Prices: 25, 35, 50 and 75 cents.

JUSTICE COURTS.

Marshall and Amos White, of Macoupin county, were before Squire Reid Saturday on a warrant charging the theft of a set of harness, the complaining witness being Alex Hambl. It seems that in March Hambl left a set of harness with Paul Dennis as security for a board bill due the said Mr. Dennis. He heard a short time since that the harness had been removed from the premises of Mr. Dennis, and charged the White boy with stealing them. Mr. Dennis was on the stand and testified that the harness had been left with him in March, that they were still at his place and had never been removed. The state consequently was unable to show that any theft had been committed and the suit was dismissed. A large crowd of spectators was attracted by the case, and much merriment was indulged in during the progress of the examination of witnesses.

Henry Glassner appeared before Squire Reid Saturday afternoon and swore out a warrant against Henry Cook, a passenger brakeman on the main line of the Burlington, charging assault and battery.

Best fair, best track, best time, to be had at the Illinois Valley Fair next week at Griggsville, Ill.

LABOR DAY MATINEE.

"Over Niagara Falls," Rowland & Clifford's magnificent scenic production, which will be the offering at the Grand, Monday matinee and night, is heralded as the greatest sensational success of the season. It is said to be superbly mounted and to abound in heroic scenes and startling situations. Several mechanical effects new to the stage are introduced, principal among which being a reproduction of Niagara Falls, over which the leading lady makes a thrilling descent in a most sensational manner. An especially strong cast will be seen in the various roles. Seats on sale Saturday. Prices: 25c, 35c and 50c; matinee prices, 10c and 25c.

CURED HEMORRHOIDS OF THE LUNGS.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Kidney and Urinary Tract Remedy as sound as a bullet. I recommend it in advanced stages of lung trouble." Sold by J. A. Obermeyer, City Drug Store.

NOTICE.

The Rayhill China Store desires to state that the parties who have been selling soap in this city and exhibiting pieces of Haviland china bearing the stamp of the Rayhill store, are selling soap wholly without the authority of the store and that the pieces of china purchased have been sold in the ordinary course of business, and that the store has no connection with any soap and Haviland china proposition.

TO OPEN SEPT. 19

School of Elocution and Voice Training.

Miss Mary Hester Cleary will open her studio of elocution in the Hunt-ton building on West State street, Sept. 19th, where those contemplating the study of elocution, voice training or reading may consult with her regarding the work for the coming year.

Miss Cleary has been singularly successful in her work and during the past year the work of her pupils has been a splendid endorsement of her method and ability. She is a student of the Emerson system of Boston, Mass., and this system she has adopted in her teaching. It is one of the most widely known and generally accepted as the leading and most practical system in use to day.

No higher endorsement could be given any teacher or system than the following:

"Miss Cleary, whose student work at Emerson college was of high quality, and who impressed teachers and students alike by her sterling worth, is prepared to help others along the pathway she has traveled, and will, I am sure, prove an able and accomplished instructor in physical and vocal training and in literary interpretation. On the reading platform, also, I feel that success will await Miss Cleary, for she is attractive, winning, sympathetic in personality, and her interpretations are keenly intelligent, pleasing, rich and true."—Henry L. Southwick, dean of Emerson college.

"It was my recent pleasure to hear Miss Mary Cleary, of Jacksonville, in a number of selections given at a large evening reception in this city. She proved a happy entertainer. Miss Cleary has a good voice, a winsome personality, is thoroughly devoted to her art, and is a very delightful reader."

"Her training in the Emerson School of Oratory, Boston, has fitted her for the correct teaching as well as the practice of her chosen art."—T. W. B. Everhart, principal Mason City, (Ill.) public schools, Feb. 21, '05.

GRATEFUL FOR PICTURE.

Sister Lydia, sister in charge at Our Savior's hospital, and the other sisters of the hospital are very grateful for a fine enlarged photograph of William R. Rountt, the work of McCullough Bros. Mr. Rountt has been a most generous benefactor of the hospital and his interest has been shown in a substantial way on more than one occasion. It was through his philanthropy that the annex to the hospital was built and his hearty interest and cooperation with the work that is being done by the self-sacrificing corps of nurses has proved of great encouragement to those in charge. The picture will hang in one of the public rooms of the hospital and not only the sisters, but also the many friends of the institution will take pleasure in having it adorn the walls.

I. F. HENDRICKS, Prop**ILLINOIS COLLEGE OF MUSIC**

The Illinois College of Music announces the engagement of two new members of the faculty: Mr. Fred Harwood, pianist, and Miss Iva Neal, contralto.

Mr. Harwood is a graduate of the Broad Street Conservatory of Music, Philadelphia, and has had extended study with Mr. Albert Lockwood of New York and Mr. A. A. Stanley of Ann Arbor, Mich. Mr. Harwood is a pianist of marked ability and has done a good deal of concert work. He plays with great intelligence and all his work is highly artistic. Mr. Harwood has had several years' experience as a teacher.

Miss Neal for several years was a pupil of Carlton Hackett, Mrs. Genevieve Clark Wilson and others. She has done considerable concert and oratorio work. Last winter she sang the contralto solos in the Messiah on several occasions with such artists as Mrs. Wilson and Holmes Cowper.

Mrs. Wilson says of her: "Miss Neal has a fine voice, resonant and expressive, and is a well-equipped singer and good all around musician." Mr. Hackett says: "Miss Neal studied voice with me for several seasons, and is a most intelligent student. She has a fine voice, musical talent and a thorough understanding of the principles of good singing."

The Chicago Tribune gave the following report of a recital recently given by Miss Neal in Chicago: "Miss Neal revealed a contralto voice of unusual beauty and range. One noticeable feature is her clear enunciation which proved a source of enjoyment to all who heard her. Miss Neal has a brilliant future before her."

Some of the young men are very much interested in the Niagara Falls agitation and are earnestly securing signatures on a petition asking the president to intervene and save the falls. Evidently some of them are contemplating a wedding trip.

Students are beginning to enroll in the night school and it is hoped that this will be one of the strong features this winter. School opens Oct. 2.

A number of the friends of City Clerk S. B. Stewart took occasion to surprise him Friday evening on his birthday. He was persuaded to take a ride into the country and upon his return he found his home filled with friends who proceeded to make merry in a manner befitting the occasion. They brought with them a number of very beautiful and valuable (?) presents, among which were tin cans, toy drums, hobby horses, jumping jacks, rare pieces of china and glassware which made the home look like a racket store at Christmas time.

After refreshments had been served the entire party took in the carnival and spent the remainder of the evening very pleasantly.

SATURDAY'S STORM

Heavy Wind and Rain—Damage Was Not Great—Many Trees Blown Down Near Lynville—Telephone Service Interrupted

The storm of Saturday morning was of short duration, but was very severe in some parts of the county. The rain fell in sheets, but the total quantity was not sufficient to do a great amount of good in the way of replenishing the water supply.

At Lynville the full force of the wind was felt, but little damage was done. A chimney was blown from the house of John Lazenby, and also the roof from a corn crib. Every telephone pole from Gordon's store to Mr. Lazenby's residence was laid low, and the orchards and growing crops suffered considerably. Percy Dickinson lost a valuable bed of cactus. The plants were torn up as though by hand and strewn about the yard.

The principal damage in this city was to the carnival company. The tops were blown from a number of the stands, the picture gallery was totally destroyed, the "electric theater" laid low and the front of the "temple of mirth" blown over. The inclined ladder on which Wheeler has been riding the unicycle, was blown over against Herman's store, and a few small wires were all that saved the windows on the north side of that building from being broken out.

J. A. Obermeyer's large sign was torn loose from its fastening and was found hanging, its only support being a small wire used to brace the electric sign underneath. The street lights in some parts of town were put out, and the telephone service seriously crippled.

KINDERGARTEN BOARD.

The members of the kindergarten board met Saturday afternoon and planned the work for the coming year. There are yet two vacancies in the positions of assistants in the free kindergarten. The benefit of the training given in this work is valuable to a young woman and it is thought by the ladies in charge that if its true character were understood there would be more applications than there are vacancies. Two years of training in the kindergarten here will enable a student of this work to enter the senior year of any school teaching the same system anywhere. Certificate of credit are given by the Kindergarten Association of Jacksonville to those who complete the course. Applications for the position may be made to Miss Abbie Pierson, 729 West State street.

New and second hand school books at Ledford's.

LESSONS IN ART.

The art department of Illinois college will be in charge of Miss Wilhelmina Coultas this year and special arrangements have been made for a Saturday class that will afford an opportunity for teachers in the public schools to follow this kind of work. This course for teachers has been made very attractive and for full particulars those desiring instruction should see Miss Coultas, either at her residence, 124 Westminster street, or at the art studio after Sept. 10.

Herman's entire force of milliners begin work Monday morning.

BIRTHDAY PARTY.

DELIGHTFUL DANCE.

Mr. Warren Nixon gave a delightful dancing party at the Country club Saturday evening in honor of his guest, Mr. Burton A. Strait, of Pueblo, Colo. There were about fifty present and the occasion proved one of rare enjoyment. The evening was cool and pleasant and a program of twenty numbers was danced.

The decorations were very pretty and beautiful bouquets of flowers against a green background lent their charm to the scene. Mr. and Mrs. Edward Nixon assisted their son in receiving the guests.

Prominent Labor Representative to Be Here Monday.

LABOR DAY

ARRANGEMENTS HAVE ALL BEEN COMPLETED.

Indications Point to Most Successful Celebration Held in Recent Years — Prominent Speakers Will Deliver Addresses—Program of Exercises

Arrangements for the great Labor day celebration indicate the laborer's gala day in this city will be characterized with a greater degree of success than ever before. The committees have worked hard toward this end and their hopes seem certain of realization. The celebration will take the form of an all day picnic with good speakers, plenty of fried fish, athletic contests and other amusements. Nearly all of the business houses will close at noon for the day, so that their employees may enjoy the vacation, and many visitors from neighboring cities are also expected.

The speaking will begin at 1 o'clock in the afternoon. T. J. Kendrick, president of the Trades and Labor assembly, will be the chairman of the day and Mayor John R. Davis will deliver the address of welcome. The principal address will be made by John B. Lennon, of Bloomington, for seventeen years general secretary of the Journeymen Tailors' union of America and treasurer of the American Federation of Labor. He is a fluent and interesting speaker and is recognized as one of the foremost labor leaders of the country. Other speakers will be former Gov. Richard Yates, Congressman Henry T. Rainey, Hon. M. F. Dunlap of this city and W. A. Jacobs of Des Moines, Iowa.

Following the speaking the floor will be cleared for dancing and at 3 o'clock a baby show will be held. The prizes offered are as follows: Prettiest boy baby, 15 months or under, a gold ring, given by Charles Price; prettiest girl baby, 15 months or under, pair of shoes, given by James McGinnis.

The athletic contests and prizes will be as follows:
Climbing greased pole, 15 feet.
100-yard dash—Sack of flour.
Hurdle race—Pair of slippers.
Obstacle race—Pair of gloves.
Tug of war—K. of C's vs. Elks.
Best single turnout—Set of shoes.
Tug of war in boats, Cigarmakers vs. Carpenters.

Hitching contest for ladies—First prize, fly net; second, whip.
The Nichols Park Gun club has arranged a shoot for the day between teams picked from the club and some good sport in this line is promised.

An abundance of fish and other provisions have been arranged for, so that nobody need go hungry, even if they fail to take their dinners to the grounds.

See Herman's up to date ready to wear hats. Prices lower than the lowest.

Mr. and Mrs. Sol Hoffman have engaged rooms at the Colonial Inn and will take up their residence there on Wednesday. Mr. Hoffman does not understand how the rumor that he was to leave the city got started, and he wishes it said that Jacksonville suits him and he expects to remain here.

DEATH RECORD

BRENNAN.

Terrence Brennan, an old and highly respected citizen, passed away at the family residence, 217 South Sandy street, Saturday morning, after an illness of short duration.

Mr. Brennan was born Dec. 25, 1837, in Ferns county, Wexford, Ireland, and at the age of 9 years came to this country and located in St. Louis.

He moved to this city a few years later, where he had resided ever since, with the exception of two years spent in Winchester. In early years he learned the trade of a tin and copper smith, and was considered an expert at the business. In after years he went into the stove, furniture and hardware business with S. W. Nichols & Brennan.

After a number of years this partnership was dissolved and Mr. Nichols sold his interest to Neil Matheson, the firm being known as Matheson & Brennan. Several years later Mr. Matheson retired from the firm and Mr. Brennan conducted the business in his own name for some time on the south side of the square until several years ago, when he retired from active business life.

Mr. Brennan is survived by his wife and three sons, namely, Jos. P. and John J., of this city, and Matthew Brennan, of Lincoln, Ill. He also leaves one brother and two sisters: Matthew Brennan, Evanston, Ill.; Mrs. Betty Kelly, St. Louis, and Mrs. Kate Ryan, of Springfield.

Mr. Brennan was a charter member of the I. O. M. A.

Funeral services will be conducted from the Church of Our Savior Monday morning at 9 o'clock.

RAILROAD NEWS NOTES

Alton Preparing for Heavy Freight Traffic—Illinois Central High Official Tells Employees to Put the Reporters Next—Personal Mention.

That the Alton officials are counting upon enormous freight traffic this fall and winter is becoming generally known. The preparations that are being made all have that end in view. The increased power, purchase of freight equipment and other preparations are all being made with a view of handling the immense business in sight.

The bumper crops of corn and oats all mean thousands of cars for the Alton, while the coal mines of the south end are already receiving their winter orders and have informed the Alton management that they will need thousands of cars to move the black diamonds. The power and cars are now in sight and the next question is to get the men for the crews.

There has never been a time in the history of the road when there were so few applications for employment from experienced men. It is beginning to look as if railroading was losing its attractiveness for many who have spent years at it. The engineers and conductors that are being secured nowadays are promoted from the ranks of firemen and brakemen. This is considered strange, as the safety appliances now in general use have greatly decreased the danger from injury. Other roads report a similar scarcity of applications for work. The company is finding an abundance of candidates from inexperienced men and are hiring large numbers of brakemen and firemen. There will be a big extra list, as they will all be needed before cold weather comes.

—(c)—

A circular has been issued by J. T. Hanrahan, second vice president of the Illinois Central Railroad company, to all officers, agents and employees of the operating and traffic departments, giving them instructions to furnish the press at all times with facts in matters in which the public has an interest. Some of the points emphasized in the circular are as follows:

"Circumstances have led me to conclude that many of the company's agents and local officers do not fully realize their obligations in these respects. Each and every agent and employee, especially those distant from the company's headquarters, should consider it an important part of his duty to keep advised of events transpiring in their respective communities, whereby the interests of the company may be affected in any way, favorably or unfavorably, and to promptly call the attention of the proper officer to such events. Each agent or representative of the company should make it his aim to cultivate friendly relations with influential members of the community in which he represents the company, and to secure the confidence of co-operation of the local press and town or county officials.

"I have observed a disposition on the part of many agents who have not resided long in a locality in which they represent the company, to consider that the interests of the company and those of the community are necessarily in conflict, and when such agents are approached on such matters they are not disposed to even extend the encouragement which would be conveyed by a respectful hearing; but on the other hand they discourage as much as possible those making the inquiry or request, making less trouble for themselves and injuring the company's interests and standing in that particular locality."

The next point spoken of is in regard to supplying the newspapers with sufficient facts about important and interesting matters which arise that are of weighty interest to the general public. In speaking of this he says:

"It will be generally found that if the company's agents and local officers will furnish the press with the facts in matters in which the public has an interest, the newspapers will generally appreciate such action and will refrain from publishing exaggerated or highly colored accounts of circumstances connected with the company's operations. Newspapers are generally friendly and fair in their remarks concerning the company. In cases where the contrary is true an improvement could generally be effected by proper attention to the paper's representatives. My experience is, moreover, that such papers as are published along the lines of this company are well disposed, and seldom make harsh criticism unless such criticism is deserved, which in the handling of any large business interest, no matter how well managed, will sometimes occur."

—(c)—

John Powers, who has recently been employed at the shops as general foreman of the car department, is in St. Louis on business.

—(c)—

On account of Monday being Labor day the Burlington and C. P. & St. L. roads will have no local freight trains, and accordingly the employees of the freight houses will be treated to a holiday.

—(c)—

The Parker Carnival company expects to leave this morning via the Wabash for Hannibal, Mo.

A LITTLE NONSENSE.

The Story of an Awful Tragedy Thelli-
ngly Told.

"Hello, Emma!" saluted a girl of
sixteen as she boarded a car and
took a seat beside a girl of about
her own age.

"Hello, Clara! Say, Clara, have
you heard the news?"

"Yes, isn't it terrible?"

"Awful! Could you have ever
imagined any such thing?"

"Never! I was perfectly horri-
fied."

"So was I. It will take me a
week to get over it."

"Does she feel bad?"

"Awful!"

"She must. If it was my case I
think I should die."

"So would I."

"Excuse me, young ladies," said
an oldish man in the seat behind
them who had caught every word,
"but it seems there has been an
awful tragedy in Brooklyn?"

"Y-yes, sir," replied Clara.

"And would you mind giving me
the particulars?"

"Why, some one left the cage
door open, and Jennie Scott's par-
rot has got out, and she don't be-
lieve she will ever see him again!"—
Brooklyn Citizen.

On the Contrary.

"It seems lonesome," remarked
the visitor who had invaded the
haunt of the hermit, "here in these
interminable woods. And yet in
your cozy little cabin, come to think
of it—"

"But you seem to have come to
talk of it," testily replied the her-
mit. And the visitor presently said
he guessed he must be going.—Chi-
cago Tribune.

Where Their Fortune Is.

Marked—Your friend Bragg was
telling me how rich his brothers are.
He says they'll be famous in the
financial world if they don't suffer a
change of fortune.

Wise—Oh, there won't be any
change for the worse in their for-
tune unless he changes his mind.—
Philadelphia Press.

Chronicle.

"Well, if you don't like your job
why don't you get another one?"

"I would if I was sure I'd like it
any better."

Hard to Please.

"You said I was the biggest fool
in town," exclaimed an irate citizen
to his neighbor, "and you've got to
apologize."

"All right, all right," responded
the offender, "I'll apologize. You
are not the biggest fool." And still
the man was not satisfied.—Detroit
Free Press.

The Intellectual Girl.

"It is a great drawback to have
sense."

"What do you mean?"

"When a girl has sense all the
men she likes best are afraid of
her."—Chicago Record-Herald.

MARKHAM BURGLARY

Store of Jesse West Broken Into—Burglar Took Horse and Buggy of John Sawtell and Drove West—Police News

The Markham neighborhood had an experience with a burglar Saturday evening, who did a bold piece of work, but did not secure a great deal for his trouble. The general store owned by Jesse West was entered about 8 o'clock and \$15 in money taken from the cash drawer. An entrance was effected by breaking open a window in the rear of the store, and the burglar made good his escape by stealing the horse and buggy owned by John Sawtell, which was hitched near by.

The burglary was discovered by John Marshall, the postmaster, who went to get the mail from the west bound Wabash train. On his return from the depot he entered the store through the front door and found the cash drawer lying on the floor and beside it a long iron rod. His suspicions were at once aroused and an investigation revealed the fact that a man had been seen to leave the front of the store a few minutes earlier in the buggy owned by Mr. Sawtell, who had come to Markham for his mail. The man was described as being about 5 feet 4 inches tall and smooth shaven, weight about 150 pounds. The horse of Mr. Sawtell was a young animal, roan in color and the buggy was a rather old vehicle. Mr. West, proprietor of the store, had closed up earlier than usual and was in Jacksonville attending the carnival at the time of the burglary.

Mr. Sawtell and Mr. Marshall both went to the Chapin, as the burglar was seen to drive west, and it was hoped to find some trace of him there, but the visit proved of no avail. The police in this city have been notified and are on the lookout. Suspicion points to a man who was

seen getting off a freight train early Saturday afternoon, and those who saw the fleeing burglar are positive the persons are the same. The stamps in the postoffice were not disturbed and none of the contents of the store were missing.

David Sebastian, who resides on West Lafayette avenue, removed the money box containing \$35 from the ice cream cone stand at the northwest corner of the square Saturday about midnight. Captain Kennedy went to his residence and recovered the money, and as Mr. Pidgeot, proprietor of the stand, did not desire to prosecute, Sebastian was not placed under arrest.

The following arrests were made Saturday: William Davis, drunk, by Murgatroyd and Landreth; Charles Corrington, drunk, by Kennedy and Murgatroyd; John Delaney, drunk, by Murgatroyd and Moore; John Murphy, assault and battery, by Murgatroyd and Deatherage; John Kamp, drunk, by Powers; John Caldwell, disturbing the peace, by Kennedy and Murgatroyd; George Yokum, disturbing the peace, by Kennedy.

THE SHOW IS OVER

Eagles' Jubilee a Thing of the Past—Tents Were Down Soon After Midnight and All Is Now Quiet and Serene—Was a Success.

The Eagles' jubilee and automobile tournament is now a matter of history. The great Parker shows have "folded their tents like the Arabs, and as silently stolen away," leaving behind them a memory of promises fulfilled, of good, clean entertainment and first class management.

The last day of the carnival was one of the best. The shows arose and shook themselves from the debris left by the storm of Saturday morning, and gave the performances as usual in the afternoon and evening. Miss Raffles was duly discovered and captured by our friend Trahey of the police force, and it is understood that he was awarded the promised lure. The coliseum contained a good crowd when she appeared upon the stage and announced herself to the people. The Parker shows will leave this morning for Hannibal, Mo., where they will spend the week under the

THOMAS W. ALLEN, Special Agent Parker Amusement Co., and Promoter of Eagles' Jubilee and Automobile Tournament.

auspices of the Trades and Labor assembly. C. W. Parker, founder of the shows, arrived in the city Saturday and will accompany them to Hannibal.

The success of the Eagles' gala week has been largely due to the untiring energy and zeal of the committee, composed of H. Hering, president; Tom W. Endsley, secretary; Dr. H. C. Campbell, treasurer; T. W. Allen, local promoter; and T. S. Russell, E. M. McGruder, Michael McGinnis, John Boland, Charles Bennett and Fred Doht. Credit is especially due to H. Hering, the president, and to T. W. Allen, local promoter of the carnival, and special agent of the Great Parker Amusement company.

The officers of the local Aerie of Eagles, No. 509, are as follows: Worthy president—H. Hering. Vice president—Michael McGinnis. P. W. P.—E. M. McGruder. Secretary—Fred Doht. Chaplain—George Herry.
